

The Historic Logo of the Lethbridge Branch of the Alberta Registered Music Teachers' Association

The Lethbridge Branch logo was created in 1989 by then-member, James Ringland. It was used extensively in our community to represent our local Branch for nearly 35 years until the implementation of ARMTA's new brand and logo in 2022. We proudly displayed the logo on letterhead, programs, documents, brochures, posters, banners, social media, and our Branch website. We were very happy to recognize James Ringland and acknowledge his contribution to the legacy of our Branch at our Canada Music Week Recital in November of 2018 at which time he was presented with a gift from our members. We honour James and all past and present members who have supported our association and its aim to provide leadership in music education in our community.
